

# BACK TO HEALTH CHIROPRACTIC

CHRISTMAS NEWSLETTER 2020

*Faith, Hope & Love*

It's here...November is quickly upon us (surprisingly), and Christmas is just around the corner! We have enjoyed reflecting on the year past and love being able to share with you what's new and upcoming in our clinic. As we write this, and ponder where we were last year at this time...never could we have imagined what would come in early spring. Although we were essentially closed in April, we were elated to welcome patients back May 4th, and have been grateful for all of your support since. This time has been difficult on everyone, both professionally and personally (and often both), but know we are doing all we can to make your time in our office feel as normal and stress free as possible and we are here to support you in any way we can.

This is a fun year for anniversaries at Back to Health. We are so pleased to have had Alicen join our team and celebrate 2 years (already!) with her making all our lives easier! Her professionalism, expertise and attention to detail are things we appreciate very much...Thank you Alicen!! Dr. Heather and Jason are also celebrating 20 years in practice! Some of you reading this have been with us since the beginning, others just a few weeks, but most somewhere in between... we've enjoyed being a part of your lives and appreciate the trust you have in our care!

Earlier this fall, Dr. Jason was elected to serve on the Alberta College and Association of Chiropractors. This is a very important position, as this organization is responsible to both protect the public and promote the profession, all while being a representative of the profession with the government. There are a number of important governing decisions to be made in the next few years, so he is very pleased to be a part of that process.

Unfortunately, Covid19 brought to a halt our usual spring schedule of speaking and event participation. Dr. Jason did have the pleasure of addressing the employees at Nutrien on the affects of stress in our lives. We are hopeful to be able to resume this service to the community as soon as possible... including on site concussion screenings/information nights and local health talks!

*To wind up the year, we are having  
two exciting in house events!*

What has become a yearly tradition, we are once again having our end of year orthotic sale. This has always been well received by those considering ordering one or two new pairs. Pricing this year will be \$375 (a savings of \$75) for one pair and \$725 (a savings of \$175) for two pairs. If you are wanting to take advantage of this before it ends on December 18th, please contact Alicen to schedule an appointment.

The second exciting event is our contest to win a New Thumper (the massage instrument we use that everyone loves!). To receive an entry, all you have to do is write a google review... its that easy!!! Thank you to all those who have already done so! The deadline to enter will be end of day on December 18th... just in time to make this a great Christmas present for a loved one (or you!!!).

*We hope that this coming Christmas season will find you and your family healthy  
and happy...it is a privilege to be a part of your lives!*
